PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science student specializing in AI/ML at Dev Bhoomi Uttarakhand University. Passionate about building intelligent systems, developing web applications, and exploring cutting-edge AI technologies. Actively seeking opportunities to apply skills in machine learning, chatbot development, and software engineering through internships and collaborative projects.

EDUCATION

B.Tech in Computer Science & Engineering (AI/ML Specialization)
Dev Bhoomi Uttarakhand University, Dehradun | *2024 – 2028*

- Key Courses: Data Structures & Algorithms, Machine Learning, AI, Web Technology, Python Programming, DBMS, Computer Networks, Java, Automata Theory, Electrical Engineering

TECHNICAL SKILLS

Programming Languages: Python, C, Java, HTML, CSS, JavaScript

AI/ML Skills: Machine Learning, Model Training, Generative AI, Chatbot Development, ChatGPT API Integration

Domains: Artificial Intelligence, Machine Learning, Web Development, Database Management Systems (DBMS), Computer Networks

PROJECTS

Hybrid Safety Sensor Software (Smartwatch-Based)

- Developed AI/ML-based safety software for hybrid wearable sensors with features including real-time heart rate monitoring, GPS tracking, and automated emergency alerts.
- Focused on women's safety use case; integrated sensor data processing with intelligent alert triggering logic.

Smart Assistant Chatbot

- Built an AI-powered smart assistant chatbot using ChatGPT API and Python, capable of answering queries, providing recommendations, and holding context-aware conversations.
- Implemented natural language processing features with a clean conversational interface; deployed as a web-based application using HTML, CSS, and JavaScript.

Sign Language Recognition System

Developing an AI/ML-based sign language recognition system using Python to bridge communication barriers for the deaf and mute community by translating hand gestures into real-time text output.

CERTIFICATIONS

- Chatbot Development: Chatbot Creation with ChatGPT – Simplilearn SkillUp (Jan 2026, Code: 9685929)
- Introduction to Generative AI Studio – Google Cloud x Simplilearn SkillUp (Jan 2026, Code: 9683625)
- ChatGPT Advanced Course – Simplilearn SkillUp (Jan 2026, Code: 9685741)
- Red Hat Application Development I: Programming in Java EE (AD183-RHA) – Red Hat (Dec 2025, 32 Credit Hours)
- Introduction to Machine Learning – Coursera
- IEEE AI/ML Workshop

EXTRACURRICULAR ACTIVITIES

- Participated in Inter-College Hackathon 2024
- Participated in Developathon 2025 Hackathon
- Volunteer at IEEE AI/ML Workshop – managed logistics, content, and participant engagement
- Sports: Cricket, Volleyball
